CEO MESSAGE

Shine Da Na Overseas Employment Agency was established with the vision of creating the best overseas employment opportunities for Myanmar citizens, particularly for basic and skilled workers, while contributing to the improvement of their social and economic well-being.

Our mission is to build a reputable and trustworthy agency that effectively connects employers and job seekers, enabling both sides to achieve mutual benefits. We are committed to upholding strong human values, professional responsibility, and industry expertise in every service we provide.

Our goal is not only to assist employers and job seekers in finding suitable employment opportunities abroad, but also to ensure that Myanmar workers have access to **safe, legal, and reliable overseas employment**. We strive to create transparent and structured processes that protect the interests of both workers and employers.

In today's highly competitive international job market, **professional skills, responsibility, and reliability** are essential for job seekers to secure opportunities and for employers to recruit the right talent. Shine Da Na Agency aims to bridge this gap by providing fair opportunities, clear procedures, and continuous support for personal and professional development.

We would like to sincerely express our gratitude to our valued partners, dedicated employees, and all job seekers who have placed their trust in Shine Da Na. Your support and cooperation are the foundation of our success.

We remain committed to doing our utmost to build a brighter future for all those we serve. We deeply value the trust placed in us and will continue working together with our partners and clients to create a prosperous and sustainable future.

CEO MESSAGE

Japan Training Visa Program

We provide comprehensive services for individuals who wish to participate in training programs in Japan. Our support includes Japanese language education from beginner to advanced levels to ensure that candidates can communicate effectively in a professional working environment. In addition to language training, we also offer technical skills training for various sectors such as caregiving, food manufacturing, hospital support services, construction, and other related industries.
Our experienced consultants guide candidates through the entire preparation process, including interview preparation, document assistance, and orientation before departure. We also assist with travel arrangements to ensure a smooth transition for trainees who are preparing to begin their programs in Japan.

Work Visa Support

Our organization provides professional assistance for individuals seeking employment in Japan under a work visa. We support applicants throughout the process by offering documentation guidance, visa application assistance, and job preparation services. Candidates receive Japanese language training, professional skills development, and interview coaching to increase their chances of successful employment.
In addition to Japan, we also support overseas employment opportunities in other countries such as Malaysia, Singapore, Thailand, the United Arab Emirates (UAE), and Qatar. Our services include job placement assistance, necessary training, documentation support, and travel arrangements for candidates seeking international career opportunities.

Specified Skilled Worker (Tokutei Ginou) Visa

The Specified Skilled Worker Visa program allows foreign workers to work in Japan for up to five years in a range of specialized industries. Currently, the program covers sectors such as caregiving, industrial product manufacturing, electrical and electronic industries, construction, automobile repair and maintenance, aviation, accommodation services, agriculture, fisheries and aquaculture, food and beverage manufacturing, food service industry, and motor vehicle transport.
We provide full support for candidates who wish to apply for this visa category. Our services include Japanese language preparation, training for the required technical skills examinations related to each industry, and assistance with documentation and application procedures. Our goal is to help candidates successfully meet the requirements needed to work in Japan as skilled professionals.

Student Visa (Japanese Language School Application)

Studying in Japan provides international students with valuable opportunities to improve their Japanese language proficiency and gain access to higher education or employment opportunities. Students can enroll in Japanese language schools to develop their language skills before progressing to vocational schools, colleges, or universities in Japan.
Some language schools also accept applicants who have completed secondary education up to the 10th grade. Our organization provides complete support for students who wish to study in Japan. This includes consultation, school selection, application processing, document preparation, and guidance throughout the entire admission procedure. We are committed to helping students successfully begin their educational journey in Japan.
Shine Da Na is dedicated to providing reliable guidance, professional support, and responsible services to ensure that every candidate receives the best possible opportunity for education, training, and employment abroad.

TRAINING & DEVELOPMENT

We operate our own training institute to prepare candidates for successful overseas careers.

• Japanese Language Courses – From beginner to advanced (JLPT levels)
• Job-Specific Skills Training – Practical training for caregiving, hospitality, and technical skills
• Soft Skills & Cultural Orientation – Preparing workers for life and work abroad

This ensures that candidates are not only qualified but also confident and adaptable in international workplaces.
